## THE QUANTUM DATING CLUB

MINNEAPOLIS, MN, SEPTEMBER 1, 2009: **The Quantum Dating Club**, an online resource for the relationship challenged, announces their latest book is now being featured at True Colors bookstore located at 4755 Chicago Avenue South in Minneapolis. *Why Real Women Drink Straight Tequila—The Tao of Intimacy* is an articulate guide offering a clear path to those who may have lost their way in the dating game.

Co-authors Sarina Stone & R. Mordant Mahon use their years of experience and study in Taoist principles to offer a practical, effective and humorous book about manifesting the relationships everyone longs for and deserves.

“This was a concept that really came about after hearing numerous people express frustration over being in the same situation over and over,” says Stone. “We knew that there was a way to overcome this frustration, and we wanted to share it with more and more people.”

Using humor, insight and detailed scenarios, Stone & Mahon share a self-empowering approach to developing a healthy relationship.
